Mrs. Flesher Oldest Resident At Reunion

More than 140 persons registered for the Old Settlers Reunion here Friday afternoon of last week.

The reunion was one of the highlights of the Randall County Roundup held Thursday, Friday and Saturday.

Old timers were registered at a Chamber of Commerce Booth.

Festivities---including a fiddling contest---were held on the court house lawn.

Some 15 fiddlers of all ages competed in two divisions for cash prizes in the contest. The divisions were for fiddlers 65 years and older and for fiddlers under 65 years of age.

Jack Mears, of Lubbock, played Ricket's Hornpipe to win first place in the 65 and older division. He received first prize money of $50.

Bob Burkhalter of Throckmorton won $40 for his second place award in the oldster's division and Eck Robertson of Amarillo won $30 for his third place award in the division.

First place winner in the under 65 division was B. H. Riley, playing Dusty Miller. Riley, who is from Olton, won $50 for the first place award. Denzil Boyter of Slaton won the $40 second place award and Elmer Glynn of Throckmorton won the $30 third place award. Richard Stotts of Memphis won the $15 fourth place award in the younger dvision. There was no fourth place award in the older division, according to the fiddling committee chairman, R. B. Allen.

Bud Rusk, Randall County's oldest fiddler, declined to compete in the fiddling contest. Texas Shorty of Dallas, last year's winner in the younger division, failed to appear for this year's contest.

The Old Settlers listened to the fast breakdown fiddle music all Friday morning and through most of the afternoon as the fiddlers met under trees, stairways and on sidewalks to practice their favorite fiddle tunes.

The Canyon Chamber of Commerce supplied free lemonade to the Old Settlers and visitors while the fiddling was in progress. Chamber manager Roland Black said the Old Settlers were served by the Canyon Pioneer Club.

Mrs. W. J. Flesher of Amarillo was given an award as the oldest resident of Randall County present at the reunion and Mrs. Addie Hefner was awarded as the oldest settler to attend. She is 93 years old.

Mrs. Zima Henson Lamar of Crosbyton came the farthest for the reunion. Black estimates that some 300 persons attended the reunion and fiddling contest. Judges were Jess Lynch from Hale Center, Bob Collins from Hale Center and Wes Campbell from Levelland.

Three rodeos were held during the celebration. Each rodeo was held at the Randall County Sheriff's Posse Arena on the east edge of Canyon. The rodeos were Thursday, Friday and Saturday nights. Western dances were held in the National Guard Armory after each rodeo.

Clark Jarnagin, president of the Randall County Sheriff's Posse estimated total attendence at the rodeos in excess of 1500 persons plus children and

County To Collect Back Taxes

Tax Seizures Impend

Edmondson Car Stolen

Wayne Edmondson of Amarillo, Sealtest Dairy Products distributor for the Canyon area, reported that someone stole his wife's 1957 Chevrolet station wagon from behind Cooper's Market late Tuesday afternoon.

Edmondson said it was the first time he had driven the cream over brown colored car in about six months. He had been in the market about 20 minutes when he discovered the theft. He said he left the keys in the car.

Randall County sheriff's department are investigating the theft.

ASCS Manager Here Resigns

Paul Read has resigned his post as office manager of the Randall County ASCS office.

Mrs. Allie Clark has been appointed acting office manager until a permanent manager can be employed.

Members of the county ASCS board are interviewing applicants this week.

Mrs. J. Manly Bryan on the left and Mrs. Jozach Byrd on the right, of the Canyon Junior Women's Book Club, present Mrs. Chester A. Pierle, of the Randall County Library, with a check for $150 to be used towards air conditioning the library.

Summary Impounding Legal Attorney Rules

Randall County will proceed against persons owing personal property taxes in the near future.

This announcement came Monday from Bill Money, Tax assessor-collector, at a regular meeting of Randall County commissioners court.

Randall County Criminal District Attorney Truitt Hull said summary seizure and sale of property on which personal taxes are delinquent is lawful.

Such property may be legally siezed and sold when the tax assessor appears on the premisis, announces the tax levy and formally announces intent to seize the property.

Hull said the property may then be impounded by the county sheriff and held for sale to satisfy outstanding taxes.

Commissioners signed several tax documents at the court meeting. Among them was the delinquent personal property tax roll.

Money said proceedings are being instituted against persons owing personal property tax since 1959. Hull said these property owners will be notified by letter of their obligation before action is taken.

Three representatives of the Canyon Junior Woman's Book Club appeared before the court with a gift of $150 to be used in airconditioning the county library.

They were Mrs. Manly Bryan, president; Mrs. Jo Zach Byrd, project chairman; and Mrs. Truett Hull, program chairman. Mrs. Byrd was spokesman for the group.

She told the court that the city had agreed to share in the cost of the improvement which will come to a total of about $529.95.

The court agreed to supply one half the balance providing that the city of Canyon kicks in the remainder. Members of the court noted that it would be necessary for the county to take bids on the job.

The court purchased a $21,790 road grader from Carpenter Equipment Company of Amarillo. An allowance of $5,790 trade in for an old road grader left a balance of $16,000.

Carpenter Equipment Company was one of four firms bidding on the road grader.

PEI Corporation of Amarillo was awarded a bid for three 60-watt, two-way radios at a cost of $1,446.48.

Commissioners voted to request Randall County's share of surplus road money from the Board of County Road Indebtedness in Austin. The amount of $23,733.36 will be used in construction or improvement of lateral county roads.

Sept. 2nd Lot Sale

Some 20 Canyon lots on which taxes are delinquent will be sold at auction at 10 o'clock the morning of September 2.

The lots will be sold at the Randall County court house door. Crying the auction will be Sheriff L. S. "Slim" Johnston.

Judgement was rendered on the lots Wednesday of this week in the 47th District Court.

Small Fry Grid Meet Is Slated

All Canyon youngsters between the ages of 8 and 11 years are invited to join a Kids, Inc. football team Friday at 10 o'clock on the west side of the county courthouse.

Purpose of the meeting is to form three football teams of Canyon youngsters. There will be one team of the 8 and 9 year olds and two teams of the 10 and 11 year olds.

Kids Inc. has been in operation in Amarillo for years. The new Canyon group will be a branch of the Amarillo group. Coaches for the Canyon group are Dale Martin, George Stevens, Bill Taylor, Wayne Edmondson, Don Kievit, and Elmer Clement.

Parents permission will be required for the youngsters to join.

Searchers Comb Canyon Park Twice This Week

Two youngsters in two separate incidents were lost in sprawling Palo Duro State Park early this week within a span of less than 24 hours.

An 18-year-old boy was the object of a 15-hour search Sunday and early Monday and a 14-year-old girl was separated from her family for about 8 hours Monday night.

The boy is Harlin Grant of Amarillo. The girl is Martha Ann Dudley of San Antonio.

Grant was reported missing Sunday afternoon after he became separated from two hiking companions, Rex Hudson, 15, and Boyd Raef, 15, in the 15,000 acre state park.

Mrs. Ed Reynolds called Randall County Sheriff's Department about 6:30 Monday morning when she saw the Grant boy wandering up the side of North Ceta Canyon, near the Reynolds Ranch house.

A sheriff's deputy was called to the scene, where he located the boy and took him to his parents who were waiting in the state park.

Randall County Sheriff's deputies, Canyon Emergency Unit volunteers and state park rangers had searched the area Sunday evening where the boy was last seen by his hiking companions.

The search was called off due to darkness about 9:30 p.m. Sunday night. Randall County Emergency Corps, the Panhandle Amateur Radio Club, the Civil Air Patrol and the Red Cross were alerted by Jerry Tschanuer, head park ranger, that the search would resume at dawn Monday morning. The boy turned up at the Reynolds Ranch as the search group was getting organized.

The Hudson and Raef boys told the sheriff's deputies and park rangers that they had come to the park from their homes in Amarillo Saturday afternoon to camp and hike in the park.

They left camp about 9 o'clock Sunday morning, hiking southwest over Mesquite Mesa and then down a tributary to North Ceta Canyon, in search of water, when the Grant boy walked on ahead about 100 feet. "He just disappeared," the boys said later.

"We walked up the hill and sat down to rest. We heard him yelling faintly for help. We searched for him but we didn't find him. We walked from the top of the hill to a nearby windmill where we drank water and waited about an hour. We thought he might see the windmill too and join us there.

"He didn't come and we left the windmill, walking up a dirt road until it forked and then we walked back down into the canyon and got back to our camp in the park. We waited there another hour and then went to the ranger's trailer where we reported Harlin missing,' Raef said. The ranger's wife reported the boy as missing to the Randall County Sheriff's Department and to the park headquarters.

Harlin when found, told a sheriff's deputy that he had gotten thirsty while hiking with his companions and had walked on ahead to find water. He got separated and then lost, he said. He called for help, climbed up the canyon walls onto the caprock and finally came to a house, but no one was home, he said. He drank water from the windmill at the house and walked west where he found another house, also vacant. He drank again and then climbed back into the canyon and attempted to walk out via its floor, he said.

The boy told sheriff's deputies that he spent the night "in a field in the canyon" and

Band Director Sets August Rehearsals

The pre-school rehearsal schedule for the Canyon High School Eagle Band is being announced this week by Lee Boyd Montgomery, band director.

Grades 9 through 12 are included in the rehearsal schedule this summer as the Freshman band students will be members of the fall Band.

Rehearsals will be held each week day beginning Monday, August 12, from 7:30 p.m. until 9:30 p.m. Morning rehearsal periods will be held from 8:00 a.m. until 11:00 a.m. on August 13, 14, 15, and 16. Evening rehearsals during the week will be held from 7:30 to 9:30 p.m. on August 13 and 15 with no rehearsals schedules on Wednesday and Friday night.

The rehearsal schedule for the week of August 17-21 includes morning sessions from 8 a.m. until 11 a.m. daily with evening sessions from 7:30 until 9:30 p.m. on August 17, 18, and 20. No night rehearsals will be held on August 19 or 21.

A morning rehearsal will not be held on August 26. Rehearsals will be from 8 a.m. until 11 a.m. on the mornings of August 27 and 28. Evening rehearsals during the week will be from 7:30 p.m. until 9:30 p.m. on August 26 and 27. No night rehearsal will be held on Wednesday, August 28.

A rehearsal on the first day of school, August 29, is scheduled from 4 p.m. until 6 p.m.

Grand Jury Meeting Is Postponed

Randall County grand jury did not convene Wednesday as had been announced.

Because of some misunderstanding in notifying prospective grand jurors, not enough showed up for a quorum. As a matter of fact, only one grand juror reported. He is an Amarillo man who had been notified verbally by the district attorney.

Next meeting of the grand jury will be held Sept. 4, according to Mavis Hill, district clerk.

Shelton Lad "Fine" After Heart Surgery

Little Buddy Wallace Shelton, 5 years old, underwnet heart surgery at Children's Medical Center in Dallas last week.

Relatives here say the tot is doing nicely and probably will be dismissed from the hospital some time this week.

The lad is the son of Mr. and Mrs. Buddy Shelton and is a grandson of Mr. and Mrs. Don Cloward.

Danny Shelton, 17 months old, son of Mr. and Mrs. Ed Shelton, is shown here enjoying his candy and the Sheriff's Posse parade. Danny is perched atop a trash can in front of Warren's Department Store.

Bangs Meet Set Friday

An informational meeting on brucellosis or "bang's disease" testing will be held at 8 o'clock Friday night in the Randall County Junior Livestock Building.

August 20 has been designated for the start of the testing work for County certification. This date was set following a petition of county owners.

Locally the work here will be under the direction of Dr. T. H. Leeneerts, district veterinarian. The testing work will be done at no charge to owners but they will be asked to assemble the cattle and assist with the sampling.

Since this will be something new for local cattle owners, John Brazzil, County Agent urges all producers to attend this informational meeting.

The initial testing period is expected to last about six weeks.

Girl Is Killed As County Toll Mounts

The death of Miss Betty White, 20, early Sunday morning 2 1/2 miles north of Happy on U. S. 87, raised the Randall County traffic death toll to 8.

The 8 traffic deaths in the county to date compare with 2 traffic deaths in the county during the entire year of 1962.

Miss White was a passenger in a car driven by Jackie Joe Hooper, 23, of 15 Houston Rd., Tulia, when the car left the road and hit a tree. The pair had been water skiing at Buffalo Lake, according to the highway patrol. Miss White was dead on arrival at Northwest Hospital in Amarillo.

Hooper received hip and pelvis injuries and cuts. He was taken to Neblett Clinic in Canyon for treatment of his injuries. Hooper was listed as being in satisfactory condition early this week.

Miss White, the daughter of Mr. and Mrs. W. H. White of Stinnett, was taken to Minton Mortuary in Borger where services are pending. Miss White lived at 510 W. 13th Avenue in Amarillo and was an employee of the R. & R. Electric Company of Amarillo.

Texas highway patrolmen and Randall County sheriff's deputies had to use a hydraulic jack and a tow truck to pull the wrecked car apart before they could free the injured girl.

The jack was used to force the crushed body panels apart and a wrecker was hooked to the right front door to pull it away from the wreck. It required one hour and 15 minutes to free the girl, according to investigating highway patrolmen.

Campus Melon Party Tuesday

Annual all-college watermelon party for students, faculty and employees of West Texas State University will be staged here Tuesday at 6:15 p.m.

The party is usually scheduled the first day of the annual Reading Conference at WT, and conference visitors are invited. Melons are furnished by Taylor and Sons of Canyon. The party will be on the east side of the Science Building.

Harlin Grant, 18 years old, son of Mr. and Mrs. Weldon Grant of Amarillo, is shown here seated in a car at Palo Duro State Park. He was object of search after he became lost in the park Sunday.

Canyon Boy Scouts "clean up" on the last day of their Pecos Wilderness Trip, and annual camping trip to the Pecos Wilderness Area in northern New Mexico. On the last day the scouts build log rafts and have raft races to see who built the best raft. As they finish the race, they have a splashing party which is partly fun and partly a bathing session.

Wilderness Wonderful Experience For Scouts

BY OSCAR HINGER

The Pecos Wilderness Trip is a wonderful experience for Canyon Boy Scouts.

Sixteen Canyon scouts with three adult leaders left Canyon by bus July 27th for the Pecos Wilderness Area in northern New Mexico for a week long scouting trip to be conducted under pioneer conditions. The scouts camped out the first night at Mountain View Ranch near Pecos. The ranch was their headquarters for the trip.

The morning after their arrival, the scouts packed up and set out for Lake Stewart, about 5 miles from the ranch and better than 10,600 feet high. The lake was the main base camp. Pack horses brought the camping gear to the lake where the scouts cut poles for lean-to shelters and camping furniture.

Although Lake Stewart is only five miles from the ranch, it is in one of the most rugged portions of New Mexico. The high altitude makes the weather unpredictable. It could snow in August.

From the base camp at Lake Stewart, the scouts made daily side hikes to other lakes in the region such as Lake Johnson, Lake Katherine and Spirit Lake. The scouts also made a trip to Horse Thief Meadows where there are several active beaver dams.

Every year, some of the scouts climb above the timberline to the very top of the mountains which are better than 12,000 feet high. From the mountains which are better than mountain tops the scouts can see for hundreds of miles in any direction. It is really an experience.

For the side trips, each scout has his own survival pack. He is often on his own in the wilderness area.

We have had bears in camp on several occassions and not just the kind that raid the garbage cans.

The boys take turns cooking for the whole group while they are in base camp. We bring a Dutch oven and the boys cook breads and cakes every day. They catch a lot of fish and we have several fish frys while camping. This year the boys caught enough fish to bring some home.

The scouts have built their own little religious santuary in the wilderness area. They hauled rocks down into a little ravine for an alter and set up logs for seats. They hold their own religious service there each Sunday that they are in the area. It is a solemn religious experience for the scouts.

On the last day in camp, the scouts build their own rafts out of logs and cruise the lake. As a test, they have a raft race to see which raft is the fastest and most navigable.

Each scout attending the Wilderness Trip must have met certain requirements. For the first trip, he must be a First Class Scout and must have earned his Swimming, Pioneering and First Aid Merit Badges.

For a scout to attend the trip a second time, he must have advanced one rank in scouting. Eagle scouts can make the trip free each year. The requirements assure that the scouts are properly prepared for the trip.

As a scout learns to live in the out-of-doors, he learns to appreciate the greatness of nature. In working with nature the scout learns useful skills, resourcefulness and self reliance. The out-of-doors becomes a lifelong source of recreation which is unequaled in any boyhood experience.

finally walked out until he came to the Reynold Ranch where he was seen by Mrs. Reynolds and picked up by the sheriff's deputy.

Martha Ann Dudley, 14, of San Antonio, was reported missing from a family hike in the park at 6 p.m. Monday.

The girl had been hiking with her uncle and aunt, Mr. and Mrs. Charles Kee, and their six children on the north slope of the canyon when she became separated from the group.

She wandered down a ravine that ended at the river and started following it in hopes of coming out on one of the low water crossings in the park. She was downstream of the last water crossing, however, and made the mistake of going downstream instead of up.

The Canyon Emergency Unit drove down the river bed from the end of the park road in a search-light-equipped four-wheel drive vehicle driven by Stanley McDonough, local game warden. A Randall County sheriff's department deputy, park rangers and three volunteers rode horseback down the canyon with the vehicle, riding through brush and checking out side ravines as they went.

The girl was tracked by her footprints in the riverbed right up to the tree under which she had lain down to take a nap. She was found shortly after midnight apparently in excellent health and spirits. She said she had walked and run the river until about 9:30 p.m. when she decided to sleep. Canyon Emergency Unit rescuers estimated the girl had walked some 6 to 7 miles along the winding riverbed.

Searchers said they would still be looking for the girl in the morning if she had not stopped to sleep. The tracking efforts were slow at night in the rough riverbed, the rescuers said.

The girl was taken from the river to the Harrell Ranch Headquarters which bounds on the south side of the state park. She was carried by road from there to her family campsite in the park, arriving shortly after 2 o'clock Tuesday morning. She had been separated from her family some 8 hours.

guests. More than 100 riders with their horses participated in the Grand Entry at the rodeo Saturday evening.

Jarnagin said the attendence was enough to pay the stock for the three night rodeo.

Hundreds of persons lined the streets of Canyon Saturday afternoon to watch the Roundup parade which featured some 200 horses and riders from area riding clubs and individual riders.

Pampa Leather & Lace Riding Club, an all girl group, won the first place trophy for riding in the parade. The trophy was presented by the Canyon post of the American Legion.

The Swisher County Sheriff's Posse riding club won the second place parade trophy and the Comancheros, a junior riding club from Plainview, won the third place award.

The Randall County Sheriff's Posse, as the host riding club, rode drag in the parade, except for the individual riders who participated.

The city fire and sanitation departments entered equipment in the parade. Amarillo's Channel 10 Television station sent Freddie the Fireman with his fire truck. The Herford Harvest Queen and the Panhandle Dairy Princess were also in the parade, riding on convertibles supplied by the local car dealers. One of the dealers also supplied an antique Chevrolet car.

After the parade, the Canyon Lions Club served barbeque in the east parking lot at the courthouse. The meal was prepared by Bob's Buckboard Barbeque of Canyon.

The Canyon Rotary Club sold the tickets to the western type meal which included barbequed beef and beans, cole slaw salad, bread, onions, and tea. Roundup officials said that more than 800 persons were served at the meal.

The Canyon Jaycees cooked and served at the Pancake Supper Friday night in the American Legion Hall. The Canyon Kiwanis Club sold the tickets for the Pancake Supper.

A vacation trip to California was enjoyed recently by Rev. and Mrs. J.H. McWilliams. They visited with their son's family, Mr. and Mrs. Travis McWilliams and son, Brent, in Los Angeles, California.

Enroute home the McWilliams visited with another son, Joe McWilliams and his family in Ruidoso, New Mexico.

Patsy Thomas, daughter of the Doyle G. Thomases, is visiting with her sister's family, the Jerry Blaylocks, in Albuquerque, New Mexico this week.

Mr. and Mrs. Doyle G. Thomas spent several days recently at College Station attending to business. Mrs. Thomas spent the vacation trip seeing interesting sights of the city.

One Man Show At West Texas

A one-man show is being held for the paintings of John L. McCarty in the Fine Arts Building at West Texas State University.

The show is being sponsored by the WT Fine Arts Department.

Some 30 paintings including oils, water color, copper enamels and others will be shown. Scenes are mostly of Panhandle subjects.

Hilltop Views

It was pointed out last week that because the legislature of 1933 cut so drastically the budget of West Texas State we turned to the national government for aid, and among other projects, materially enlarged and improved the physical plant.

It is important to notice that this was done through loans and grants from Washington---some 60 per cent loans and 40 per cent grants, though that ratio may have varied at times.

This means that the national government, when once a College project was approved, made an outright gift of 40 per cent of its cost and made the college a loan of 60 per cent at a low rate of interest. The loans had to be liquidated in periods ranging from 25 to 40 years, through profits from the operation of the respective projects. To make sure that the college would enjoy adequate profits it had to submit to the government such rates and regulations as, in the government's judgment, would discharge the obligation as per the contractual agreement.

This policy is important in this connection because it set a precedent for federal aid to higher education, and although the grant feature has been discontinued, colleges and universities throughout the nation are still borrowing huge sums of money at very low interest rates. Some of these projects that were activated in drouth and depression years have already been paid for and no doubt present profits are diverted to new projects of the same general kind. This snow-balling procedure makes the national government and the students who use these increased facilities co-partners in expanding the college plants. The state's chief contribution is managerial.

In order to make the picture more realistic it is here pointed out that the following structures were erected under this grant and loan arrangement. The first unit of Stafford Hall, the first addition to Cousins Hall, Conner Hall, the ten cottages on the northeast corner of the campus, the out-door swimming pool, and the first unit of the cafeteria.

This resort to federal aid was West Texas State's answer to the unjustifiable attempt to destroy it. The resurgent spirit of the institution defied its enemies and sent on to yet greater achievements in this same trouble-laden decade. A few of these achievements and honors are listed below to reveal the quality of the school when under great stress. Outstanding features are listed year by year.

1930

(1) Of the 47 persons who had majored in mathematics during the previous decade nine were teaching in colleges.

(2) Miss Darthula Walker, professor of geography, began her trip around the world as a member of the faculty of the Floating University.

(3) The West Texas State tennis team went through the season without a defeat and won the Texas Intercolligiate Athletic Association championship, professor W. E. Lockhart, coach.

(4) Will C. Hogg of Houston gave $25,000 to the Ex-student Loan Fund.

(5) West Texas State had 580 correspondence students in 12 states and Alaska.

1931

(1) The Prairie, won first place in the twelve-college newspaper contest.

(2) Miss Neville Wren, a senior, won $500, in the American Chemical Society's national prize essay contest.

(3) In November eighteen faculty members appeared on the program of the Texas State Teachers Association.

(4) The Chicago Madrigal Club donated to West Texas State one of the nation's greatest madrigal libraries.

1932

(1) The Buffaloes played in the national A.A.U. basketball tournament, S. D. Burton, coach.

(2) The world renowned Lorado Taft appeared on our Lyceum program.

1934

(1) In this year the College organized the Northwest Texas Conference of Education which was usually attended by more than 2500 teachers.

(2) Professor Edna Graham was elected President of the Scholarship Societies of South.

(3) The college was host to five large regional conferences.

(4) The Men's Chorus under professor Wallace R. Clark won first place among all colleges and universities in the Southwestern District Conference.

1935

(1) The Smithsonian Institute recognized West Texas State as a patron because of its exceptional museum.

(2) The Federal Land Bank, headquarters in Houston, held a two-day session on the campus.

(3) The Board of Regents authorized pre-medician, pre-law, and pre-engineering courses.

1936

(1) In the summer the Palo Duro Art School was instituted by Isabel Robinson, Head of the Art Department.

(2) In the summer Coach Al Baggett organized and conducted a coaching school featuring several coaches of national repute.

(3) In the autumn eighteen faculty members took leaves of absence for graduate study.

(4) The State Board of Education approved, with limitations, graduate work in teachers colleges.

(5) The Board of Regents ordered the president to submit a 10 year building program. When adopted a year later it included a library, a science building, a student union, a gymnasium, and a residence for the president.

1938

(1) The first band clinic was conducted by C. E. Strain, band director.

(2) Audio-visual education was introduced and West Texas State had the largest enrollment in Texas that summer.

(3) Religious Emphasis Week was inaugurated - first in Texas. Space limitations forbid more. The above could be greatly lengthened.

FROM THE CANYON RIM

Strikes us that there is too little real quest for truth these days.

Many columnists, political hacks and "researchers" start off with a pre-conceived notion of what they want to prove and then assemble "facts" to attain their goal.

They usually ignore facts which would tend to detract from their finished product.

We specifically have in mind a weekly diatribe in a sheet to the south of us. This particular columnist screamed guilt by association a few months ago when we suggested that some of the things he had been writing would give aid and comfort to the enemies of this country.

Last week this same columnist tried to tie Barry Goldwater to the John Birch Society simply because Goldwater happens to know Bob Welch.

In other words, the writer of whom we speak leaves the impression that he believes it's perfectly all right to hob knob with pinks and fellow travelers but he sees some kind of disgrace in a man even knowing a militant anti-communist.

With the search for more and more security there is less and less of it. How much more insurance are you required to carry now than twenty or thirty years ago?

Used to be a time when a visitor came to see you and slipped on the front porch and sprained his ankle you'd just dope it up with Dr. Sloan's linament and forget about it. Now you'd probably be sued for $150,000.

There used to be a time when a man's word was his bond. Now almost everyone has a lawyer retained to draw up a contract between himself and anyone with whom he might happen to pass the time of day on the street.

Also there was a time when a man just counted his money at the end of the year to tell whether he had done well or poorly. No more. You've got to have an accountant and if you can understand his figures without him standing over you explaining them he's not nearly complicated enough to satisfy the federal Government.

Chances are your bank account will be so flat that if a trip around the world were selling for a nickle you couldn't get out of sight but you still have to shell out $2,344.54 for income tax.

The world is getting tedious. Isn't it?

We've been reading some of the old issues of The Canyon News. We have in mind particularly an issue in 1922. The lead story was coverage of a speech by Dr. J. A. Hill who had just returned from a trip to the east.

The same speech today would brand the speaker an ultra conservative if not a rightwing extremist. Dr. Hill declared that the government appeared powerless to curb immigration and deplored the fact that the masses in the East spoke only broken English.

We talked to Dr. Hill about the speech. He remembers it. He says Woodrow Wilson---a liberal in his day---would be called very conservative today.

Times change.

The same issue tells the story of a young man who walked all the way from Corpus Christi---about 900 miles--to attend West Texas State.

Visiting with Mr. and Mrs. Clark Mires last week end were her parents, Mr. and Mrs. A. P. Sanders, from Lockney.

Other guests in the Miers home last week end were Mr. and Mrs. Hansel Sanders and sons, Mark and Gary, from South Plains; Mr. and Mrs. R. G. Morris and sons, Jack, Roger, and Vinoka, from Petersburg; and Mrs. Joe Sanders and Cindy from Las Cruses, New Mexico.

The group spent the afternoon touring Palo Duro Canyon.

Going somewhere? Or been? The Canyon News wants to know about it--and so do its readers.

MRS. JERRY HAROLD CLAY

Dixi Sue Rhoades Becomes Bride Of Jerry Harold Clay

Miss Dixi Sue Rhoades became the bride of Jerry Harold Clay of Tyler at a double ring ceremony performed at the First Methodist Church of Canyon last Saturday evening.

Mr. and Mrs. R. Richard Rhoades of Canyon are parents of the bride. Clay is the son of Mr. and Mrs. J. L. Clay of Athens, Texas.

Officiating at the ceremony was Rev. Michael Price of the Presbyterian Church in Pampa. Assisting with the wedding ceremony was Rev. Newton Starnes, pastor of the First Methodist Church of Canyon.

Mrs. J. D. Barker, at the organ, provided pre-nuptial music consisting of "Adagio" by Schreiner, "When Thou Art Near" by Bach, "Intercession" by Bingham, and "Canzona" by Purvis. Families of the bride and groom were seated while the organist played "Wedding Prayer" by Dunlap.

"O, Perfect Love" and "The Lord's Prayer" were sung by Miss Faye Barton, maid of honor for the wedding ceremony. "Wedding March" by Schreiner was played as the processional and music for the recessional was "Fanfare" by Lemmens.

An arrangement of white princess gladioli and snowball mums centered the altar that was decorated in a sprawling garden arrangement. Woodwardia palms created a background for the golden candelabrum that lighted the setting with cathedral tapers. White and gold colonial pedestals holding Boston fern flanked the floral arrangement. Lighted tapers in imported crystal chandelier candleabra framed the setting. A white satin prie dieu was placed in the foreground and the bridal aisle was laid with a white satin carpet. Family pews were marked with silk ribbons.

The bride, escorted and given in marriage by her father, wore a formal wedding gown of white silk organza. The bodice was styled with a simulated bolero above a bell silhouette skirt. Hand embroidered florette designs accented the bodice and bordered the skirt that extended into a chapel train. The chapel train was made of silk organza over taffeta and was attached at the waist with a flat bow. Short white gloves complemented the elbow length sleeves.

Her elbow length veil of French silk illusion was held by a circlet of silk organza that was appliqued with lace and tiny pearls. She carried a cascade bouquet of Bellmont gardenias and Anthemon. The bouquet was designed in a vertical curve and showered with satin streamers. Her grandmother's wedding ring was secured to one of the satin streamers with a love knot.

Miss Faye Barton of Houston, cousin of the bride, was the maid of honor. Bridesmaids were Miss Sheila Chisholm of Pampa and Mrs. Merwyn G. Pickle of Tyler. The honor attendants wore two piece sheath dresses of white silk organza over taffeta. Their headpieces were designed of white silk organza and taffeta and the veiling was sprinkled with white Forget-me-nots. Crescent bouquets of white glamellias featuring cascades of polished English ivy strands were carried by the attendants.

Candlelighters were Misses Cathy and Cindy Clay of Tyler, nieces of the bridegroom. They wore dresses fashioned identical to the bridal attendants and carried candle nosegays with English ivy strands. They wore crowns of polished ivy.

Floor length dresses of white silk organza were worn by Miss Kerry Easterling of Arlington and Miss Julie Whittington of Canyon as they served as flower girls for the wedding ceremony. They carried miniature bouquets similar to the bridal attendants and wore polished ivy headpieces.

T. W. Clay of Tyler served as best man for his brother's wedding. Groomsmen were Carroll Clay, brother of the groom, and Gene Slater, both of Tyler. Ushers at the evening ceremony were Jimmy Meador and Dr. Merwyn Pickle, both of Tyler.

For her daughter's wedding, Mrs. Rhoades chose a pink dress of silk with an embroidered bodice of lace. She wore matching accessories and a pale pink orchid corsage.

The bridegroom's mother wore a powdered blue lace dress with matching accessories. Her corsage was a deep pink orchid.

Woodwardia palms and Boston fern decorated the Fellowship Hall of the church for the reception following the wedding ceremony. A floor length cloth of white silk organza covered the bride's table. White roses, astors and pompons were arranged in a floral epergene in the center of the serving table.

A white china figurene topped the tiered wedding cake and punch was served to guests from a silver punch bowl. Members of the houseparty were Miss Jeannette Barkett of Marshall; Miss Judy Wilson of Canyon; Mrs. Carroll Clay and Mrs. Jimmy Meador, both of Tyler; Mrs. Dolph Crowley of Hobbs, New Mexico; and Mrs. S. S. Stephens of Amarillo.

Coffee brown accessories complemented the bone colored silk suit that the bride wore as the couple left on a honeymoon trip to points of interest in Colorado. A gardenia, lifted from the bridal bouquet, was worn as her corsage.

The bride is a graduate of Pampa High School and received the Bachelor of Science degree, with a major in commercial art, from West Texas State University. She was a member of Delta Zeta, social sorority. The bride is employed by the Tyler Public School System where she is an art teacher at Robert E. Lee Junior High School.

Her husband is a graduate of Athens High School in Athen, Texas and attended Henderson County Junior College. He received the Bachelor of Science degree in petroleum engineering at the University of Texas and is presently self employed in Tyler.

The couple will make their home at 617 Beachwood in Tyler after August 10th.

Social courtesies extended the bride and members of the wedding party, prior to the ceremony, included a luncheon at the Amarillo Club last Friday noon. Hostesses for the luncheon were Mrs. Walter Graham of Canyon and her daughter, Mrs. Nolon Henson.

The bridegroom's parents, Mr. and Mrs. J. L. Clay, were hosts for the rehearsal dinner given last Friday evening at the Holiday Inn West in Amarillo for members of the wedding party and guests.

A "Spinster's Luncheon" was given at the Amarillo Country Club at noon last Saturday with hostesses being Miss Sheila Chisholm, Miss Jeannette Barkett and Mrs. M. G. Pickle.

Pre-nuptial courtesies extended the bride included a bridal shower given in Tyler with Mrs. Josh Wilson as hostess. A courtesy luncheon in the home of Mrs. J. C. Whittington in Canyon. Mrs. James A. Jones, III and Miss Sheila Chisholm were hostesses for a luncheon honoring the bride at the Amarillo Club.

A miscellaneous bridal shower was given in the home of Mrs. James L. Cole of Canyon. Hostesses for the occasion were Mesdames J. J. Walker, Glen Dowlen, Edgar Robinson, Lee Harlan, Douglas Marshall, Edwin Kuehn, J. C. Whittington, Newton Crain, Charles Flesher, W. R. Wilson, Edd Reynolds, Kermit Pond, R. R. Rigsby, W. E. Parker and Miss Billie Bee Flesher.

Mrs. Gidden Is Party Honoree

Mrs. Francis Gidden was honored with a family dinner on her 75th birthday in the home of Mr. and Mrs. Piner Stevens Sunday.

The dinner and annual family reunion was attended by her children and other relatives from the area.

Guests attending included Mr. and Mrs. Howard Hogue of Snyder, Mr. and Mrs. Jimmy Benton of Lubbock, Mr. and Mrs. Wayne Brown and children and Mrs. Elva Benton of Brownfield, and Mr. and Mrs. Fred Harwood of Adrian.

Other guests were Mr. and Mrs. Bill Gidden of Guymon, Oklahoma. Mr. and Mrs. Warren Orr and Mr. and Mrs. Allen Orr of Tulia, and James Ross Gidden of Amarillo.

Attending from Canyon were Mr. and Mrs. Joe Gidden, Mr. and Mrs. Deene Donnell, Mr. and Mrs. Piner Stevens and Mrs. Francis Gidden.

Couple Home In Canyon

Helen Marie Calder, daughter of Lt. Col. and Mrs. Henry L. Calder, Jr., of Canyon, became the bride of McDuffy Riley Kessler, Jr. at a marriage ceremony performed at the Polk Street Methodist Church of Amarillo on June 28.

The bridegroom is the son of Mr. and Mrs. McDuffy Riley Kessler, Sr. of Seymour.

The couple is at home at 117 28th Street in Canyon where both will continue their studies at West Texas State University.

Gross-Lookadoo Marriage Rites Performed Recently

Joseph A. Hill Chapel on the campus of West Texas State University was the scene for a candlelight ceremony that united Miss Mary Jean Gross and Frank Lookadoo in marriage recently.

The bride is the daughter of Mr. and Mrs. George Gross of Muleshoe. Parents of the bridegroom are Mr. and Mrs. J.R. Triplett of Fritch.

Rev. Charles Hastings, Jr., director of the Methodist Student Center at the University, read the double ring vows.

The bride, given in marriage by her father, wore a waltz length dress of Chantilly lace over white slipper satin. The fitted bodice was enhanced by a scalloped neckline and accented with a full pleated bell shape skirt. Tiny satin covered buttons adorned the back of the dress and the long petal pointed sleeves at the wrist.

Her veil of silk organiza was held by a crown of white satin decorated with seed pearls. She carried a bridal bouquet of white gardenias.

Miss Linda Gross, sister of the bride, served as maid of honor. She wore a street length dress of blue cotton satin featuring a scalloped neckline with a full pleated skirt. Matching blue shoes and a pillbox hat with a brief veil completed her ensemble. She carried a bouquet of blue and white carnations.

Dave Conatser, Canadian, served as best man. Johnny Gross was usher for the ceremony. Candlelighter was Pete Gross, brother of the bride. Sheila Triplett, sister of the groom, was the flowergirl.

Appropriate musical selections were provided at the organ by Linda Lookadoo, sister of the groom.

The bride's choosen colors of blue and white were used in decorations at the reception in the Methodist Student Center following the marriage ceremony.

A three tiered wedding cake topped with miniature figures of a bride and groom centered the serving table that was laid with a hand crocheted white lace cloth over blue. The lace cloth was made by the bride's grandmother, the late Mrs. A.H. Owens.

Presiding at the punch bowl was Miss Latayia Howell. Cake was served to guests by Miss Patsy Hallaway. Guests were registered by Miss Peggy Howell.

Mrs. Lookadoo is a graduate of Muleshoe High School and her husband graduated from Phillips High School. The couple will make their home at Fritch until September when both will return to West Texas State University in Canyon as senior students.

Miss Mickey To Phillippines

Miss Jo Ann Mickey will leave Sunday on a flight to the Phillippine Islands where she will teach at Clarkfield Air Base this fall.

The school at Clarkfield is located about 65 miles from Manila. Miss Mickey will travel by plane from Amarillo to San Francisco, California where she will board another plane for the Phillippine Islands.

She is the daughter of Mrs. J. E. Mickey of Canyon.

Miss Reinus Is Honoree At Shower

An informal miscellaneous bridal shower honoring Miss Jan Reinus was given in the Hosea Foster home Monday evening.

The serving table was laid with a white cutwork tablecloth and centered with a bridal bouquet of white flowers. Orchid and white flowers were used as decorations throughout the home.

Mrs. J. M. White presided at the silver coffee service. Coffee, tea, and individual party cakes decorated in the bride-elect's chosen colors of orchid and white were served to about 15 guests who registered for the event.

Hostesses for the shower were Mrs. Hosea Foster and Mrs. Clyde Alsup.

Dr. Frank Daugherty Joins Geology Staff

BY JIM THOMAS

Dr. Frank Daughterty, a new professor of geology at West Texas University, is a man of unique experience.

He first attended college at Sul Ross in Alpine, a mountain community in the Big Ben country. Daugherty earned his bachelor of science degree in geology in 1950.

After graduation from Sul Ross, Daugherty went in for cattle ranching on a family ranch in the nearby mountains around Alpine. At the same time he worked as a part time geologist doing consulting and prospecting work for mineral locations in Brewster County and in the adjacent province of Chihuahua of Old Mexico.

While at Alpine, Daugherty located a large underground water field that today is the major source of municipal water for the town of Alpine.

In 1954, Daughterty went into geology on a full-time basis when he opened a geology and mineral exploration company whose principle business was diamond drilling for fluorite and mercury deposits in the Texas Big Bend country and northern Mexico.

"Fluorite was the rage at the time. It is used in the manufacture of hydrofluoric acid and is used as a flux in the steel industry. The mineral is also used in the manufacture of freon gases for air conditioning.

Fluorite is also used in converting bauxite to aluminum," he said.

During this same period, Daughterty was superintendent and geologist for the Lone Star Mining Company in the Terlingua mercury district in Brewster County, Texas. There he coordinated and directed the activities in the mining and reduction of mercury ore, initiating the only production of mercury from the district since World War II.

"In 1958, I decided I didn't want to continue in mining exploration work and was tired of the periodic droughts that hit the Alpine area. I decided the thing I wanted most was to do graduate work in geology at the University of Texas. So I enrolled at the University in January of 1958. I received my masters degree from the University of Texas in 1959," Daugherty said. He continued his education at the University and in 1962, earned his doctorate. His dissertation was based on a study in the fluorospar district in northern Mexico.

After earning his doctorate, Dr. Daugherty went to work for a Mexican subsidery of the American owned DOW Chemical Company as a consultant specializing in economic geology.

While working with the company, he completed an 8 month study of the tellurium reserves in Sonora, Mexico. Dr. Daugherty says his extensive work in Mexico has given him a pretty good idea of what Mexico is really like. "I haven't put my foot on every rock in northern Mexico, but I've hit a few of them," he says.

"Tellurium is used in the manufacture of thermocouples, a device that generates electricty directly from heat. Most of the world's supply of tellurium comes as a by-product from the production of gold and copper. There are few known deposits of native tellurium.

"I explored for the mineral in Sonora, hoping to find deposits that could be mined economically. We prospected many old mines in the district and we found enough native tellurium to be encouraged. We also found some tellurium minerals that are unknown and undescribed in geological literature. Even though the mines we found are in one of the most rugged portions of northern Mexico, the minerals in the mines are valuable enough to warrant their being extracted. Tellurium brings about $6 a pound.

"Usually tellurium and gold are found combined, but at one mine the tellurium occurred in the native state. We pumped the water out of the mine, replaced the rotten timbering and cleaned it out.

"We found large masses of native tellurium accompanied by gold. At one time in the early history of the mine, the operators actually removed some 400 to 500 pound masses of native tellurium accompanied with rich gold ore. A good specimen of the native tellurium is rare and would bring $25 to $50 as a collector's mineral specimen.

"My real interest is Mexican coins. I am very interested in the history of Mexico, it's people and it's culture. The coins of Mexico reflect its turbulent history. I have spent many an enjoyable hour browsing through the more than 500,000 pages of Spanish documents in the archives collection of the University of Texas. Most of them relate to Mexico and its Spanish occupation.

"I like to get into accounts of the Spanish travels through Mexico. They traveled through the country that I am most familar with. I've spent many an hour in the archives studying their travels," he said.

The Daugherty home is a treasure house of interesting Spanish and Mexican mining tools and equipment. Rare and common minerals are stacked in the garage on the floor, in boxes, on shelves and in locked cabinets.

One of Dr. Daughterty's favorite pieces of Spanish handicraft is a hand forged "Candelero" or candle stick holder with a long pointed spike at one side. The holder was stabbed into mine timbers in old Spanish gold and silver mines to provide light for the Indians that once worked in their dank depths. Dr. Daughterty estimates the age of the relic at anywhere between 50 and 200 years, that being the period during which the candlestick holders were in use.

"You really don't find many relics in the mines any more. Most of the old gold and silver mines had a water problem and the relics have long ago disintegrated because of the moisture.

"There are lots of old mines in northern Mexico. The country is honeycombed with all sorts of mines, mostly gold and silver. Most of these mines were closed down during the Mexican Revolution and were never opened again," Dr. Daugherty said.

Speaking of the experiences he has had while searching for the minerals of Mexico, Dr. Daugherty says he has had wheels break off his truck out in the desert, "....many miles from the nearest mechanic or supply of auto parts. I've also had the steering gears go out on the truck while climbing steep, winding mountain roads. I guess I've had to walk a few miles on several occassions," Dr. Daugherty said.

As contradictory as it might seem, Dr. Daugherty sometimes had trouble with flood swollen rivers in the mountain deserts of northern Mexico.

"There are several ways to cross a flood swollen river. I've been caught on the wrong side of several fast running rivers in Mexico and had to swim across with mules. You do that by letting the mule swim while you hand onto his tail. In the back country, that's the only way to cross the rivers when they are high. I don't recommend the method," he said.

Dr. Daugherty tells of raising a bear cub in Mexico, across the river from Big Bend National Park in Texas. "A Mexican had killed the bear's mother and gave me the cub. He was a little fellow and he hadn't had anything to eat in a long time when I got him. I fed him canned sweet potatoes and powdered milk. I only kept him three or four months.

"During the hot summer weather, he had an unfortunate habit of sleeping on top the rear wheels of a large truck. When you wanted to go anywhere in the truck, you first looked under it to see if the bear was there. If he was, you put on your heavy gloves and went to where the bear was sleeping. You very carefully reached in and grabbed the sleeping bear by the leg and yanked him off the wheel before he could bite you in the hand. Then you could use the truck.

"One day someone forgot to look under the truck where the bear was sleeping. That's when we lost our bear," Dr. Daugherty said.

He is a man of scholastic achievement as well as being proficient in the field.

His honors and scholarships include memberships in Sigma Xi, a geological society; Sigma Gamma Epsilon, The Geological Society of America, The American Geophysical Association, The Society of Sigma Xi, and the Geochemical Society.

Dr. Daugherty has received the Sigma Xi Research Grant, was twice given Honorable Mention by the National Science Foundation and was twice recipient of the Joseph S. Culliman Scholarship for his achievements in the fields of geology and hydrology.

He speaks and reads Spanish and reads French, Italian, and Portuguese, and has published 3 major professional geological works with 3 more in preparation.

Dr. Daugherty and his wife Dorothy have three children; Sheila, 13, Stephen, 10, and Claire who is 8.

Boehning Services Tuesday

Walter Frederick Boehning, 71, died of a heart attack last Saturday while shingling a roof at the Meade Michael place northeast of Canyon.

Boehning was found by Michael. Justice of the Peace Woodson Hancock pronounced Boehning dead at the scene. The body was taken to LaGrone Funeral Home in Canyon.

Boehning came to the Canyon area when he was 18. He lived on Route 2, Canyon.

He was born in Elgin, Illinois in December 1891. He was a farmer and a member of the First Methodist Church of Canyon. Mr. Boehning was a veteran of World War I.

Services were held Tuesday afternoon at LaGrone Funeral Chapel with Rev. Newton Starnes, pastor of the First Methodist Church, officiating.

Interment was at Dreamland Cemetery.

Serving as pallbearers were Fred Gerdsen, Herbert Gerdsen, Ervin Michael, William Schuette, Herbert Kuhlman and George Albers.

Survivors include his wife, Anna, of Canyon; four sons, Harvey Boehning and Lawrence Boehning, both of Amarillo, Leonard Boehning and Leroy Boehning, both from Canyon; and one daughter, Mrs. Mildred Breedlove of Amarillo.

Other survivors include four brothers, Willard Boehning of Wildorado, Alvin Boehning of Amarillo, Clarence Boehning of Abilene and Kenneth Boehning; one sister, Mrs. Ester Sembritzki of Clyde, Texas; 19 grandchildren and 8 great grandchildren.

Mrs. Jack Williams returned from Dallas recently by train after visiting with her sister's family, the Earl Holcombs, for several days.

Visiting with Mr. and Mrs. Orville V. Weldert recently were Mr. and Mrs. Ocie Hicks and daughters, Jackie and Rockie, of Lueders, Texas.

Visiting with Mr. and Mrs. R. M. Strohmeyer recently was her nephew, George Williams, of Pilot Point near Dallas.

Week end guests in the C.A. Castleman home were Mr. and Mrs. W.B. Bradford of Dumas. Mrs. Bradford is a daughter of the Castleman family.

Canyon Boys See Pope On Stop Over In Rome

by JIM THOMAS

Canyon is unusually well represented in Greece, where 628 American boys have arrived by plane in the last few days.

The scouts are the American contingent to the Eleventh World Scouting Jamboree.

In a special Home Folks Letter, the parents of the world touring scouts are kept informed of the activites of their sons.

The American scouts were greeted by M. D. Alexatos, National Commissioner of the Boy Scouts of Greece and Camp Chief, and Dr. Nester C. Constantoulis, Organizing Commissioner for the 11th World Jamboree of Scouting.

Canyon is well represented in Greece, where 628 American boys have arrived by plane in the last several days, the American contingent to the Eleventh World Scouting Jamboree. Shown watching Greek folk dancer Nikos Pandazis during a sightseeing trip to the Acropolis are, left to right: Clifford Sherrod, Eagle Scout of Troop 31, the son of Mr. and Mrs. M. L. Sherrod, 2501 11th AVE.; Bill Long, Eagle Scout, of Explorer Post 66, the son of Mrs. Clara B. Long, of 2401 8th Ave.; Dick White, Eagle Scout, of Explorer Post 66, the son of Mr. and Mrs. R. T. White, Rt. 2; Kenny Crossland, Eagle Scout, of Troop 66, the son of Mr. and Mrs. A. L. Crossland, 1605 4th Ave.; in back row, George Cox, Life Scout, son of Mr. and Mrs. Wesley Cox, 2508 5th Ave.; and Randy Warren, Eagle Scout, of Troop 31, the son of Mr. and Mrs. A. M. Warren, of Canyon.

The Home Folks Letter says the Pre-Jamboree tours of Western Europe were highly successful with some of the American scouts touring Switzerland, Italy and Greece just prior to the opening of the World Jamboree on August 1.

Several Canyon scouts were among the first American scout groups to reach Rome. They received a personal audience with the Pope on July 26.

The Pope gave the scouts his blessing. He said, "Our best wishes will accompany you and we entrust to you the task of carrying to all scouts at the jamboree....our paternal affection."

Kenny Crossland wrote his parents, "I saw the Pope today and he blessed the rosary that I bought. I saw St. Peter's yesterday and will tour the Vatican Museum tomorrow before we leave.

The Home Folks Letter indicated the 11th World Jamboree of Scouting officially opened with Crown Prince Constantine, Greece's Chief Scout, addressing the 14,000 scouts and 6,000 visitors. A torchlight ceremony ended with fireworks and the lighting of fires in the Jamboree's eleven subcamps.

The letter says the scouts quickly started making friends with the other scouts from the 76 foreign countries. August 3rd was the official "Get Acquainted Day". Language barriers fell quickly as the scouts devised novel methods of making themselves understood, according to the letter.

The scouts and explorers have become quite adept at cooking with charcoal in the Aegean clay pot stoves, the letter indicated.

Flags in the scout camps have been flown at half mast and special memorial services conducted for the Philippine scout contingent to the jamboree killed in a plane crash on the way to Greece.

Mrs. A. M. Cunningham is in Tacoma, Washington visiting with her new grandson, Steven Cunningham, who was born on July 19th.

Mrs. Cunningham flew to Washington and plans to spend about a month visiting with her grandson and his parents, Mr. and Mrs. Melvin Cunningham.

Mr. and Mrs. A. T. Montgomery were in Wellington this week to visit with their great granddaughter, Dianne Nunnley, who was born last Sunday.

Dianne is the daughter of Mr. and Mrs. Carroll Nunnley.

Delia Westfall accompanied the Montgomerys to Wellington to see her new niece.

Mr. and Mrs. W.D.O'Donald visited recently with Mr. and Mrs. Eston Breitling in Tulia.

Miss Sandra Everett, daughter of Mr. and Mrs. H. B. Everett of Fort Worth, is a guest in the home of Dr. and Mrs. Dudley Moore, Jr.

Miss Everett is a houseguest of the Moores' daughter, Bea.

Mr. and Mrs. Don Trolinger of San Bernardino, California, recently visited two weeks with her mother, Mrs. C. M. Presley.

They also visited with the Hatcher Brown family.

Prairie Wildlife

Hot--hot---hot. Fishing is slow over most of the Panhandle, except for certain hot spots like Burson Lake near Silverton. The bass have been doing pretty well there, according to reports received by Prairie Wildlife.

This next meeting of the Randall County Sportsmen's Club will be an important one to area sportsmen because it will be election night. New officers are called for and new memberships are due. Paying the dues at this meeting will entitle area sportsmen to a full year's membership in the club.

Prairie Wildlife feels called upon to ask area sportsmen using Buffalo Lake to hang onto their bottles, tin cans, ect., when at the lake and place them in a safe trash container.

Careless persons are really cluttering up the beaches around the beautiful lake, making it more than hazardous to walk or swim barefooted in the water.

Canyon doctors have told Prairie Wildlife on several occassions recently that the number of persons they treat for serious cuts on the feet is much too high. Most of the cuts come from debris left on and around the beaches at Buffalo Lake, they say. How would you like for your child to cut several tendons and perhaps lose the use of a foot because of the lazyness of some fisherman or camper? You might even try picking up the broken glass and rusty cans around your camp or fishing area next time you go to the lake. Enough cleaning up might make the area safer.

The management personnel at the lake do what they can, but their staff is too limited to keep the lake shores free of glass and tin cans. Only the lake users can do that. Does that mean you?

The game and fish commission biologists stationed in Canyon are experimenting with a new way to help rid Panhandle lakes of bullhead catfish. The very young bullheads swim in tight bunches in clear shallow water. It has been shown to be helpful to use seines and dip nets to remove the young trash fish in clear waters. As the bullheads get older and larger, they stay in deeper and deeper water, until the use of seines and dip nets become impractical.

The fish biologists, under the leadership of Lonnie Peters, (who is the source of all this information) have rigged a special boat mounted underwater scoop which they hope will scoop up deep running bullhead spawn.

The device shows promise of working in clear lakes, which rules out Buffalo Lake.

It won't be long before the hunting fever is upon us. Who's going deer hunting?

Y'all come.

Canyon Woman's Kinsman Killed

Mr. and Mrs. J. M. Stokes and Mr. and Mrs. Earl Roberts were in Borger Monday afternoon to attend the funeral of Robert Wigart.

Mr. Wigart was a grand nephew of Mr. Stokes and Mrs. Roberts. His death was due to a tool house falling on him while he was attempting to unload it from a truck.

Mr. and Mrs. Cecil Hollar and children, Robert and Judy, and Mrs. Florence Lassiter from Compton, California were all guests in the Lassiter home recently.

Mrs. Florence Lassiter is visiting with her son's family, the Floyd Lassiters, for several weeks this summer.

The work of a rodeo clown is serious business as shown here by professional clown, Richard Walters of Canyon. Walters is busy keeping an angry Brahma bull away from a just fallen rider and rapidly departing fence sitters at the Saturday night performance of the Randall County Roundup Rodeo in the sheriff's posse arena east of Canyon.

Walters Says Clowning Just Got In His Blood

Richard Walters is a rodeo clown---one of the world's most dangerous ways to be funny.

Walters has been rodeo clowning for 8 years. "I really got started at Camelback Inn and Dude Ranch near Phoenix, Arizona. They had a fighting Brahma bull out there and I got to playing around with him.

"The boys would practice riding him and when they got bucked off and the bull would try to gore them, I just got out there to keep the bull off the boys. He was a pretty mean one.

"After that I got a few little jobs clowning and worked up from there. I worked a few small shows and then worked up to some good ones," Walters said. He clowned all three nights last week for the Randall County Roundup rodeos.

"I clowned in the North Ft. Worth Businessmen's Rodeo, one of the top semi-professional rodeos in the country. It's a six day rodeo held in the stockyards at Cowtown.

"Another big rodeo I've clowned is the Amarillo Fat Stock Show, held each January in Amarillo. I've clowned that show for the last three years running. The Fat Stock Show is one of the bigger money winners in this part of the country.

"The real reason for clowning in a rodeo is to keep the bulls off the riders after they have been thrown. One of the older rodeo boys once said that makeup on a rodeo clown is supposed to mean he is out there for fun but the baseball cleats on his shoes means he is out there on serious business.

"One of the most common ways a bull throws a boy is to throw him over his head and down in front where he can get at him. The bull is powerful enough to do that. The bull usually has the idea to throw the rider down where he can be gored.

"The clown's job is to run in when the rider is thrown and either take hold of the bull's horn or ear or to wave something in the bull's face to turn his anger from the rider to the clown. I use a small rubber baseball bat for this," Walters said.

Rodeo bulls are touchier than regular fighting bulls, according to Walters. "These Brahma rodeo bulls come out of the chute with their eyes open and they can see you no matter which way you dodge. A Brahma watches you all the way. A fighting bull usually charges straight through, giving you time to get out of the way.

"By grabbing a horn or an ear, I can turn shorter than the bull and stay on the inside. Once the bull is off the rider, the joke is on the clown. If the bull will stay with me, I'll play with him for the enjoyment of the crowd. It all depends upon the mood of the Brahma. They are funny animals.

"Sometimes they'll try to get you and sometimes they're just not interested.

"Rodeo clowning just gets into your blood. You say every year that you are going to quit but each year finds you back in the arena. My wife doesn't watch me clown too much.

"You never know when the bull will be on the prod. One bull that I especially remember was named Salty Dog. That was at the Ft. Worth show. He was a Brahma-cross that weighed some 1600 pounds. I imagine he had a 2 1/2 foot horn spread.

"I was working him in a rain wet arena and my left foot bogged down in the mud. My left knee gave out with a torn cartilage. He kinda got a horn under me and picked me up for a while.

"He kept me there for what seemed like a life-time but I guess it was just 15 or 20 seconds. Other than a few scratches and bruises I came out of it pretty good----after the cowboys got me off his horns.

"Week before last at the Earth Roundup rodeo, a bull got me between the arena fence and a telephone pole. All I got from that was some cuts on my arms and legs. I guess I've been thrown over the fence many a time by bulls that caught up to me on the straight run.

"Anytime the bull gets you down, that is what the crowds like. It gets to where you like to take a chance with the bulls. You don't fear the bulls as much as you learn to respect them," Walters said.

As an addition to his regular job of keeping mad bulls off fallen riders, Walters uses a clown skit with a specially rigged Model A Ford that bucks into the air on its rear wheels.

Walters was born in Happy. His family moved to Canyon when he was five. He graduated from Canyon High School in 1949. He has worked the last 9 years for Producer Grain in Amarillo as a grain chemist.

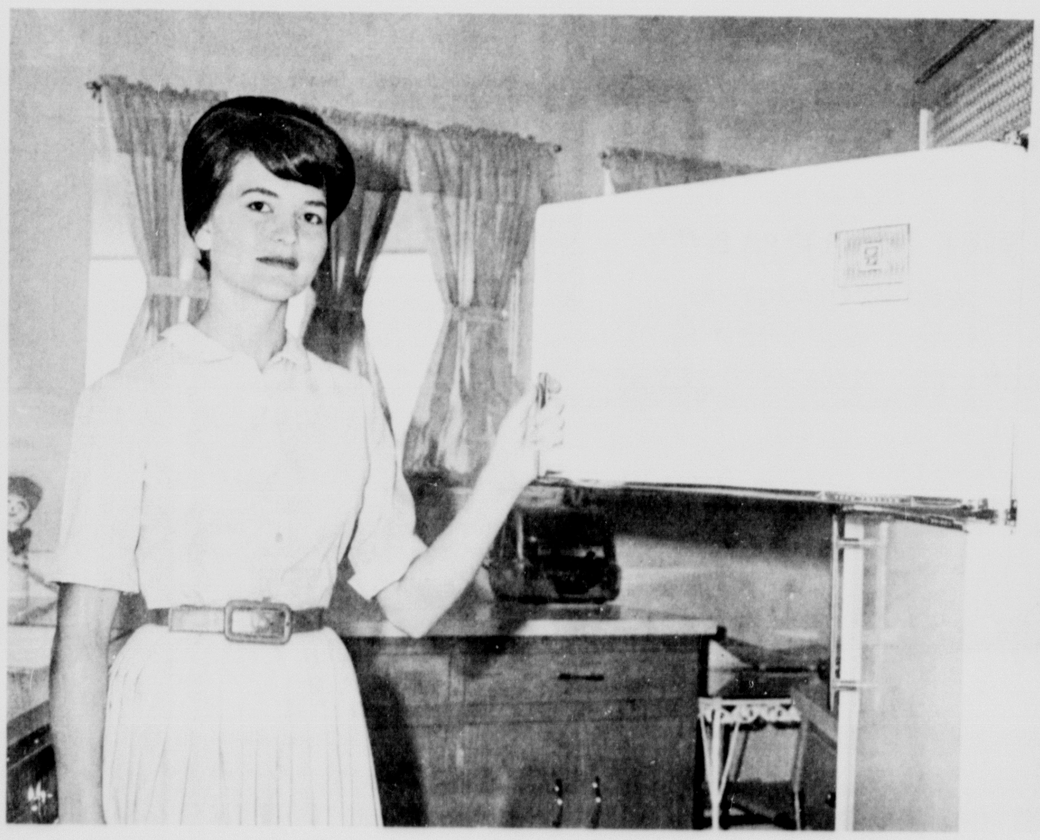
AUGUST

House Wife Of The Month



The lovely Ramona Elliott, wife of Ross Elliott has been chosen by Anderson Appliances as August Housewife of the month.

Mrs. Elliott is a graduate of Happy High School.

The Elliotts, married December 26, 1962, moved into their beautiful new home at #25 Village Drive in Hunsley Hills in mid July.

The Elliott home is a three bedroom contemporary styling with a hexigon shaped section divided into a living area, dining area and kitchen.

"I just love my new Frigidaire Refrigarator" Mrs. Elliott asserted. "There is so much room in it. Everyone who sees it really likes the ice ejector and the frost proof features of it." she said.

"The service at Anderson Appliances is really good" Mrs. Elliott stated.

The new 1964 Frigidaire appliances are now arriving daily at Anderson Appliances. Why don't you drop in at 1515 4th Avenue and talk to Andy about installing the new Frigidaire in your home.

Coach Cawthon Treats Tigers To Watermelon

Billy Cawthon, Jr., coach of the Minor League Tigers, treated the boys and their parents to a watermellon feast last Thursday night at Conner Park.

The second place Tigers got a late start this season with a change in coaches three times before Cawthon began helping with their work-outs.

Cawthon, 16, played two years of Little League ball in Chattanooga, Oklahoma before being benched because of a serious heart defect. He was allowed to play ball last summer for the first time since 1956. Cawthon was one of the pitchers for the winning Cardinals last season in Canyon. He will undergo open heart surgery in about six or seven years according to his heart specialist.

"It has been a fine season and I'm real proud of the Tigers" says Billy Cawthon, Jr. "I would like to express my appreciation to all of the boys for their co-operation and hard work during the season; to the parents for their encouragement; and to my employers, Taylor and Sons Food, for arranging my hours so that I could coach the team."

Cawthon was presented with an engraved plaque that read "Coach Cawthon" Tigers 1963, from members of the team.

Team members attending the watermelon feast were Kent Hodges, Mark Read, Chris Olson, Vance Cawthon, Richard Gillham, Sheldon Johnson, Stephen Rhodes, Bobby Ellis, Tommy Blackburn, Kenny Strohmeyer, Jose Martinez, Mike Wade, Frank Mayfield, Bynam Morris, Mike Reno, Klaus Shaeffer, Ben Peckenpaugh, and Mike Lindsey.

COUNTY AGENT'S COLUMN

We are now in the midst of that critical time in grain sorghum production. Most generally the period from August 1-20 is that hot dry time when grain sorghum reaches its peak moisture usage. All too often moisture is short. This year is no exception.

A check over Randall County this week shows that the dry land grain sorghum still looks good. Some fields are beginning to take on that spotted appearance which means that subsoil moisture is getting short.

The irrigated fields look very good. Water usage from irrigation sorces has been heavy all year. Many fields are in full head.

****

Reasearch thus far has not been conclusive on the question of fertilizer on dry land wheat. Most everyone agrees that nitrogen is the only element to be considered. Moisture limits wheat production more than fertility. Some growers believe that 30 to 50 lbs of actual nitrogen per acre on dry land wheat has increased grazing. This is especially so when fall moisture is adequate. The chance for increasing grain yield is slight.

****

Trouble with trees, lawns, flowers, and shrubs just naturally shows up in August. Any unthirfty plant can be easily spotted now. Cool season lawn grasses such as the blue grasses go into a summer slowdown. Tree leaves often curl and yellow. More often than not the trouble is not diseases or insects. It is just the August weather seeking revenge on plants that man brought to the Panhandle realms to replace the native grasses and shrubs.

Raise up the mower blade and leave more leaf surface on the grasses. Water all trees and shrubs from the end of a hose that trickles a small stream for several hours. Confine lawn watering to morning hours and water thoroughly to get deep penetration of moisture. September's dawning will solve most of the problems with cooler nights and lower daytime temperatures.

Former Printers Devil Visits After 30 Years

by TROY MARTIN

In publishing, soldiering and in other fields Vincent Lockhart has made a name for himself around the globe.

At the moment Vince is employed by the State Department and much of his works is under wraps.

He dropped by The News office last week to swap small talk and reminisce of the old days when he was a printer's devil on the Panhandle's oldest newspaper.

Many men around Canyon will remember Lockhart as a young second lieutenant with F Company of the 36th Division about the time World War II broke out.

Joe Gill was a platoon sergeant in the outfit in those days.

"What a soldier!" was Lockhart's comment. "He was never any further back than the company command post and if he had gotten every decoration he deserved he would have them all."

Vincent Lockhart grew up in Canyon. He was a printer's devil for The Canyon News in 1929 and '30 His forays into the journalistic world even in those days were many. He was stricken with ink in the veins and never has succeeded in extracting it.

Vincent worked on The Eagle's Tale, CHS newspaper, through his high school years. He served as editor his junior and senior years. During that time he also was a "stringer", contributor, for one of the Amarillo papers.

Vince attended WT, of course, where his father was head of the business administration department. He served as sports editor of The Prairie his sophomore year.

He then took his degree from the University of Missouri and went to work for a weekly newspaper in Maryland. "They were going to cut my pay," he reminisced, "So I quit and came back to God's Country."

John McCarty hired Lockhart in 1936 to work on The Globe. By the time the war came along he had been made copy desk chief.

Lockhart credits Tex Keirsey and the late Fred Post with giving him a great deal of his journalistic training.

"I used to sit on the corner of Fred's desk and worship at his shrine," Vincent declared. "He was a great reporter."

In the armed forces Lockhart rose eventually to the rank of colonel. One of his old sidekicks, Selden Simpson, now holds the rank of general and commands the 36th Division in which he and Lockhart began as shavetails.

After the war Vincent bought the Canadian record and operated it from 1945 until he sold it to its present owner, Ben Ezell, in 1949.

He went to work on The Amarillo Times for T. E. Johnson, another colorful newspaperman of the era. A year later, with the Korean conflict flaring, Lockhart was back in uniform. A great deal of this hitch was spent in school.

Lockhart was graduated from General Staff College in June of 1952. He left the service a short time later for a civilian job as a public relations man in the Pentagon.

Leaving the Pentagon, Vincent went to work as assistant to Vance Johnson of the Crowell-Collier Publishing Company. Johnson is well known to people of this area, having served as editor of The Globe-News before moving on to higher things. Johnson became general manager of the ill-fated publishers of Colliers Magazine.

When the magazine collapsed, Lockhart joined the State Department and was dispatched to Dhahran, Saudi Arabia as consul.

He returned to this country, resigned from the State Department and went to Bombay, India to head up a highly successful publishing house. A year later he came back to the States for medical treatment and then rejoined the State Department in November of 1962. He is still with the State Department.

Mrs. Lockhart is the former Helen Helton of Canadian. The Lockharts have one son, Bill, who will be a freshman at West Texas State University this fall. He will major in music.

Birthday Party For Kevin Miller

Kevin Bryan Miller celebrated his fourth birthday with a party in the home of his parents, Mr. and Mrs. Earl E. Miller, last Saturday afternoon.

Outdoor games for children were played throughout the afternoon by the 14 children in attendance. Refreshments of vanilla ice cream and angel loaf cake were served to guests.

Attending were Kenneth, Vicki, Cathy and Tracy Hamblen, Ricky Rogers, Sandy Thrasher, Don Marshall, Kerry Rogers, Charlie Gray, Carolyn Miller, Jamie and Selinda Reynolds, and Debbie and Kevin Miller.

Mrs. Wester Has Visitors

Mrs. W. I. Wester was visited last week by several of her children including Mr. and Mrs. Keith Clark of Gardenia, California; Mr. and Mrs. Jack Wester and daughter, Doris, of Carlsbad, New Mexico; and Mr. and Mrs. Randall Wester of Amarillo. Iva Wester of Carlsbad, New Mexico was also a guest.

A family dinner for the guests was given in the Randall Wester home in Amarillo Sunday.

The Jack Westers left for home Tuesday after visiting with the Jess Anderson family in Amarillo and Helen Meyer and the George Albers, east of Canyon.

The Clark family visited with friends in Albuquerque, New Mexico enroute home. They also visited in Williams, Arizona with her cousin's at Rod's Steak House.

Iva Wester attended the Old Settler Reunion in Canyon before returning to Carlsbad, New Mexico. He is a former resident of Canyon.

Guest Minister At Church Here

Rev. Robert S. Winegarner will be the guest minister at the 11:00 a.m. service of the First Presbyterian Church of Canyon Sunday morning.

Rev. Winegarner is associate pastor of the Lakewood Congregational Church in Ohio. The congregation is made up of over two thousand member at Lakewood which is a suburb of Cleveland, Ohio.

He is a graduate of Southern Illinois University and the Chicago Theological Seminary in chicago, Illinois.

Ruling Elder W. A. Moore will be in charge of the worship service Sunday and will introduce Rev. Winegarner. "Decisions In A Confused World" will be the topic of Rev. Winegarner's sermon.

Rev. Winegarner is a brother of Mrs. John Lars Hamerson. The Winegarner family will visit for several days with the Hamerson family.

Mrs. M.T. Canada returned from Houston last week where she had been staying with her son, James F. Canada, who was in the hospital.

Her son is back in his home at Amarillo now.

Visiting in the W. E. Miller and E. R. Cleavinger homes recently have been Mr. and Mrs. Gene Cleavinger of Norwalk, California.

Mike, Lynn and Debbie Noel of Altus, Oklahoma, visited several days recently with their grandparents, the M. J. Noels.

Canyon people are shown here buying season Buffalo football tickets from Mrs. Mary Greiner, West Texas State University assistant ticket manager. From left are Jack Haley, Gene Morrison, Mrs. Greiner and Roland Black. Haley and Morrison are Canyon businessmen. Black is manager of the Chamber of Commerce.

Mr. and Mrs. Glenn Dorris and daughter, Patsy, attended the annual XIT Reunion at Dalhart over the week end.

Patsy participated in the Ewell Parker Water Show at the event. They were in the parade and attended the free barbeque that was attended by about 9 thousand.

Visiting with Mr. and Mrs. Rowie Durden this week are his parents, Mr. and Mrs. Walter Many, of Mount Vernon, New York.

David, Mollie and Sam Jones spent several days recently visiting with their grandparents, Mr. and Mrs. Mitchell Jones.

Mrs. Mitchell Jones, Jr. of Newton, Kansas was in Canyon over the week end to pick up her children and visit with the Joneses.

Miss Hare left Canyon on Sunday of last week to attend a cabinet meeting of officers at Lake Brownwood. A conference at Texas Christian University in Fort Worth was also attended by Miss Hare.

She joined Beth Jarrett and Linda Grimes for the Twirler's Convention at Southern Methodist University this week.

PUBLIC NOTICE

Proposed **CONSTITUTIONAL AMENDMENT**

NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 1 proposing an amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 4 of Article VI of the Constitution of the State of Texas be amended to read respectively, as follows:

"Section 2. Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this state one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided that any member of the Armed Forces of the United States or component branches thereof, or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces; and provided further, that before offering to vote at an election a voter shall have registered if required by law to do so. The Legislature may authorize absentee voting. This Amendment shall take effect on December 1, 1963.

"Section 4. In all elections by the people the vote shall be by secret ballot. The Legislature shall provide for the numbering of ballots and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of elections, and may provide by law for the registration of all voters. Should the Legislature enact a registration law in anticipation of the adoption of this Amendment, such law shall not be invalid by reason of its anticipatory character."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"**FOR** the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

"**AGAINST** the amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters."

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 21 proposing an Amendment to the Constitution of the State of Texas, amending Sections 51-a and 51-b-1 of Article III so that the same shall consist of one Section to be known as Section 51-a; providing that the Legislature shall have the power to provide assistance to and provide for the payment of same to (1) citizens of Texas who are needy aged persons over the age of sixty-five (65) years, (2) needy persons who are at least eighteen (18) years of age and less than sixty-five (65) years of age who are permanently and totally disabled, (3) needy blind persons over the age of twenty-one (21) years, and (4) needy children under the age of sixteen (16) years; authorizing the Legislature to set up residence requirements for eligibility for such assistance; repealing the Constitutional limit on the amount paid out of state funds to individual recipients of Old Age Assistance and Aid to the Permanently and Totally Disabled; providing that the amounts for such assistance payments shall not exceed the amounts that are matchable out of federal funds for such purposes; providing that the amounts expended out of state funds for such purposes shall not exceed Sixty Million Dollars ($60,000,000); providing for the acceptance of financial aid from the Government of the United States; providing for the necessary election, form of ballot, proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 51-a and 51-b-1 of Article III of the Constitution of the State of Texas be amended, and the same are hereby amended, so that the same shall hereafter consist of one Section to be known as Section 51-a of Article III, which shall read as follows:

"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may by the Legislature be deemed expedient, for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are citizens of the United States, who shall have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday, who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation; provided that the Legislature shall prescribe the residence requirements for eligibility; provided further, that no individual shall receive assistance under this program for the permanently and totally disabled during any period when he is receiving Old Age Assistance, Aid to the Needy Blind, or Aid to Dependent Children, nor while he is residing permanently in any completely state-supported institution; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"(2) Needy individuals who are citizens of the United States, who shall have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday, who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation; provided that the Legislature shall prescribe the residence requirements for eligibility; provided further, that no individual shall receive assistance under this program for the permanently and totally disabled during any period when he is receiving Old Age Assistance, Aid to the Needy Blind, or Aid to Dependent Children, nor while he is residing permanently in any completely state-supported institution; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"(3) Needy blind persons who are actual bona fide citizens of Texas, and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"(4) Needy children who are actual bona fide citizens of Texas, and are under the age of sixteen (16) years; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for such assistance as such Government may offer not inconsistent with the restrictions herein set forth; provided, however, that the amount of such assistance out of state funds to each person assisted shall never exceed the amount matchable out of federal funds; and provided further, that the total amount of money to be expended per year out of state funds for such assistance shall never exceed Sixty Million Dollars ($60,000,000).

"The Legislature may enact appropriate laws to make lists of the recipients of aid hereunder available for inspection, under such limitations and restrictions as may be deemed appropriate by the Legislature."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment providing for assistance payments to the (1) needy aged, (2) needy individuals who are permanently and totally disabled, (3) needy blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amounts expended out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds; and providing further, that the total amounts expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars ($60,000,000)."

"AGAINST the Constitutional Amendment providing for assistance payments to the (1) needy aged, (2) needy individuals who are permanently and totally disabled, (3) needy blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amounts expended out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds; and providing further, that the total amount of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 26 proposing an amendment to Article XVI, Section 62 of the Constitution of Texas, by adding thereto a new subsection authorizing all political subdivisions of Jefferson County, Texas, to provide retirement, disability and death benefits for all appointive officers and employees of all political subdivisions within Jefferson County; providing for the necessary election, form of ballot, proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 62 of Article XVI of the Constitution of the State of Texas, be amended by adding thereto a new subsection (e), reading as follows:

"(e) Each political subdivision within Jefferson County, Texas, shall have the right to provide for and administer a Retirement, Disability and Death Compensation Fund for all appointed officers and employees of all political subdivisions within Jefferson County, Texas; or said political subdivision may elect to join the County Retirement System of Jefferson County; provided that same is authorized by a majority vote of the qualified voters of such political subdivision and after such election has been advertised by being published in at least one (1) newspaper of general circulation in said county once each week for four (4) consecutive weeks; provided that the amount contributed by the said political subdivision to such Fund shall at least equal the amount paid for the same purposes from the income of each such person and shall not exceed at any time seven and one-half per centum (7½%) of the compensation paid to each such person by the political subdivision.

"All funds provided for the compensation of each such person, or by the political subdivision of Jefferson County, Texas, for such Retirement, Disability and Death Compensation Fund, as are received by the political subdivision within said county, shall be invested in bonds of the United States, the State of Texas, or counties or cities of this state, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States, provided that a sufficient amount of said funds shall be kept on hand to be determined by the agency which may be provided by law to administer said Fund; and providing that the recipients of benefits for said Fund shall not be eligible for any other pension retirement fund or direct aid from the State of Texas, unless the Fund, the creation of which is provided for herein, contributed by the political subdivision is released to the State of Texas as a condition to receiving such other pension aid."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election in November, 1964, at which election each ballot shall have printed thereon the following words:

"**FOR** the addition of subsection (e) to Section 62 of Article XVI of the Constitution, to authorize all political subdivisions within Jefferson County, Texas, to establish, after approval of its voters, a Retirement, Disability and Death Compensation Fund covering all appointive officers and employees of said political subdivisions."

"**AGAINST** the addition of subsection (e) to Section 62 of Article XVI of the Constitution, to authorize all political subdivisions within Jefferson County, Texas, to establish, after approval of its voters, a Retirement, Disability and Death Compensation Fund covering all appointive officers and employees of said political subdivisions."

Section 3. The Governor shall issue the necessary proclamation for said election to be held on the first Saturday after the first Monday in the month of November, 1963, and have notice of said proposed amendment and of said election published as required by the Constitution of Texas and laws of this state.

Proposed **CONSTITUTIONAL AMENDMENT**

NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963.

SENATE JOINT RESOLUTION NO. 16 proposing an amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Three Hundred Fifty Million Dollars ($350,000,000.00); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue in existence for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advise and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Three Hundred Fifty Million Dollars ($350,000,000.00) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars ($200,000,000.00) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half percent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law, to Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale or resale of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"**FOR** the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law;" and

"**AGAINST** the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

Horace Bibles To Convention

Mr. and Mrs. Horace Bible attended the Texas Water Well Drill Contractor's Association convention that was held in Corpus Christi last week end.

The convention was a three day event and the couple returned home via the Big Bend country. They traveled from Corpus Christi along the coast to Brownsville before making the tour of the rugged country.

CANYON BUSINESS REVIEW and BUYER'S GUIDE

Taylor-Evans Farm Store in Canyon is proud of its reputation as the largest and best source of farm and ranch, garden and lawn supplies in West Texas.

Taylor-Evans is especially well qualified to supply area farmers and ranchers with just the right mixes of dairy, hog and beef feeds. Taylor-Evans now has in stock a type of dairy feed pellet new to the Texas Panhandle. Its mixture is designed for maximum milk and butter fat production from your dairy herds.

Taylor-Evans has a fully prepared hog concentrate or straight mix that will do good things for your hogs. The experts at Taylor-Evans can mix feeds that will carry your hogs through from shortly after birth to feeder size.

Taylor-Evans also mixes a new beef feed---designed to carry your beef feeders along whether they are on grass, dry lot or on insilage.

Taylor-Evans invites you to come by and examine their feeds and top grade mixing machinery.
